

# ECOMAS

**FIRE BURNER FOR THERMOPLASTIC,  
PHARMACEUTICAL, COSMETICS, DISHES  
AND CUPS PRODUCTION.**

**SPARE PARTS FOR GLASS MACHINERIES**

**Ecomas** is a company with a wide knowledge concerning precision mechanics; from prototyping to massive production. In the years we realized also moulding.

In the last 15 years, thanks to the aquisition of **Fiam-Wal**, **Ecomas** gained all the know how regarding peculiar techniques aimed to the production of glass, with **more then 3000** items at your disposal.

Production **range goes from burners to the spare parts** available for the majority of the machines producing glass, i.e. (O.C.M.I., Moderne Mecanique, etc.).

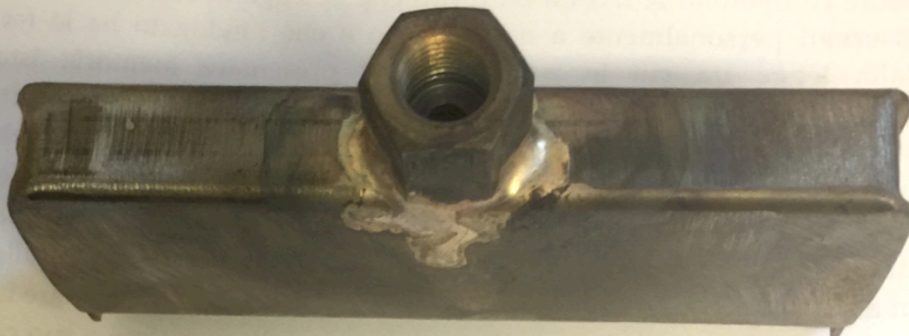

To standard production **we can provide also customized products**, following your needs.
